EDUCATION

R.G.P.V University

Bachelor of Engineering in Computer Science & Engineering

May 2022-Jun 2026

Intermediate (12th Grade)

Feb-2020

High School (10th Grade)

Feb-2018

SKILLS

Programming & Analysis: Python, Pandas, NumPy

SQL & Databases: SQL, PostgreSQL, MySQL

Business Intelligence: Power BI, DAX, KPI Dashboard Design

Spreadsheet: Microsoft Excel (Pivot Tables, Formulas, Charts)

Tools & Web: Git, GitHub, VS Code, HTML, CSS, JavaScript, ChatGPT

PROJECTS

Superstore Sales Analysis Dashboard

Jun2026-July2026

- SQL, PostgreSQL, Power BI, DAX, Python, Excel
- Built an end-to-end analytics pipeline (CSV → PostgreSQL → SQL → Power BI → DAX) analysing 10,000+ retail sales records across 4 regions, tracking \$2.33M in total sales and \$292.3K in total profit.
- Wrote SQL queries (aggregate functions, GROUP BY, filtering) to solve 9 business questions, including top 10 customers/products, region- and category-wise sales, monthly trends, and average order value.
- Designed 2 interactive Power BI dashboards with KPI cards, slicers, and drill-through navigation covering 804 customers and 5,000+ orders. Implemented 6 DAX measures (Total Sales, Total Profit, Profit Margin, Average Sales, etc.) for dynamic, filter responsive KPI reporting.
- Delivered actionable insights on regional performance and top revenue-driving products/customers to support data driven decisions. GitHub: github.com/kaifahmad786/Superstore-Sales-Analysis

Personal Portfolio Website | HTML, CSS, JavaScript, GitHub Pages Designed and deployed a responsive personal portfolio showcasing projects, skills, and resume, with smooth scrolling, hover animations, and interactive project cards. Integrated live GitHub repositories and a downloadable resume; deployed via GitHub Pages for public access.
